WHY CRYPTOSPACE

Our Purpose. Our Belief.

“ We believe financial opportunities should belong to **everyone**, not just a privileged few.

Millions around the world still face barriers that limit their access to the global economy. Geography, status, education or background should never decide who gets a chance.

We believe every individual deserves the opportunity to **participate, grow and create a better future.**

“ We are building more than a platform, we are building a **movement**, a movement for financial inclusion, for innovation, and for a **better tomorrow.**

OUR BELIEF • OUR MISSION • OUR PROMISE

WHY *We Exist*

To create a world where financial opportunities are **inclusive, transparent and accessible** to all.

HOW *We Do It*

By leveraging Technology, Innovation & Community-driven solutions to **remove barriers and empower individuals.**

WHAT *We Do*

We build digital asset generation and growth programs with real-world utility, **connecting communities to the future of finance.**

OUR VISION

Our vision is to drive the next generation of global finance by seamlessly connecting digital assets with real-world business networks, ultimately unlocking financial empowerment for everyone, everywhere.

One Community
One Mission
Limitless
Opportunities

OUR MISSION

Our mission is to accelerate digital asset generation and growth within a robust ecosystem, delivering tangible utility and financial opportunities to the global community.

HERE IS THE BEST PART: YOU GET UNLIMITED DIRECT SPONSORSHIPS!

You can introduce as many members as you want.

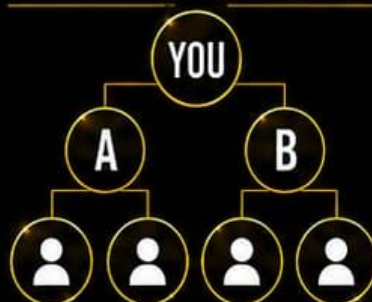

Every single time you bring someone in, you instantly earn **\$4!**

+ BUT WHAT ABOUT THE OTHER \$4?

That goes directly to your downline team members as placement-sponsor income, powered entirely by our automated autofill system that builds your Downline Team.

THE CRYPTOSPACE PARTICIPATION PROCESS

1

STEP 1: START

Enter with just **9 USDT** to instantly secure your autofill placement in our Global 2x2 Matrix.

2

STEP 2: INVITE

Onboard just two direct partners to launch your team.

3

STEP 3: DUPLICATION

Guide your two partners to do the same and onboard their two directs.

4

STEP 4: COMMUNITY GROWTH

Watch your network expand globally as your community multiplies.

5

STEP 5: AUTO LEVEL UPGRADES

As your team expands and you receive your first **8 USDT**, you automatically upgrade from **Level 1** all the way to **Level 12**!

6

STEP 6: P2P DISTRIBUTIONS

Funds are instantly allocated through a secure push-up and split-up process during **Level Upgrade** and renewals.

7

STEP 7: AUTO RENEWALS

Upgraded levels auto-renew every 240 days across 9 continuous cycles, triggering long-term community growth.

THE RESULT? MASSIVE, LONG-TERM PASSIVE INCOME.

THE MECHANISM OF WEALTH GENERATION

with Automated Level Upgrade & Level Renewals, within the Participation Program.

THE CRYPTOSPACE
Connect | Earn | Grow

The participation program features built-in, automated level upgrades and renewals with predefined values across **Level 1 to Level 12**.

The moment you earn your **first \$8** through community building within the Participation Program, the **Automated Upgrade Process** triggers instantly, launching you into your next level of earning.

Every time an upgrade or renewal happens, the system splits and allocates the predefined values for two distinct mechanisms: the **push-up mechanism** and the **split-up mechanism**.

To lock in long-term ecosystem stability, the participation Level and all upgraded levels automatically renew every **240 days** for a total of **nine cycles**.

Total of **nine cycles** for every level.

PUSH-UP MECHANISM

Push-up values allocated during level upgrades or renewals **flow directly to the designated level upline**. If that designated upline has not upgraded yet, the system **automatically bypasses them**, skipping corresponding levels as it searches upward until it finds the next qualified upline.

Through this mechanism, you contribute a **single push-up value** to just one upline at that level, but you can **receive push-up values from multiple downlines** at that corresponding level.

SPLIT-UP MECHANISM

Direct Sponsor Upline

Designated Uplines

Meanwhile, the split-up value allocated during level upgrades or renewals is **distributed equally and unconditionally** between the **Direct Sponsor upline** and the **designated uplines**, creating a blanket of collective rewards that flows upward from the placement upline.

YOU
(Placement Upline)

The participation Level and all upgraded levels automatically renew every **240 days** for a total of **nine cycles**, ensuring long-term stability and continuous earning opportunities.

PUSH-UP MECHANISM

Let's look at **Level 5 Upgrade** to see exactly how the Push-up Mechanism Works.

LEVEL 5 UPGRADE VALUE 72 USDT

- During this Level Upgrade, our Push-Up Mechanics instantly generates a single-person push-up value of **36 USDT** to the Level 5 Upline.
- Level 5 Push-up values flow directly to the designated 5th-level upline. If that upline hasn't upgraded yet, the system automatically bypasses them, skipping **5 Levels** searching upward, until it finds the next qualified upline.
- While you give a push-up value of **36 USDT** to your single Level 5 upline, you are positioned to receive **36 USDT** from each of your **32 downline members** when they give their Level 5 push-up value during their Level 5 upgrade.

- Team Business is the total sum of the personal staking volume generated by each direct line in your referral tree, calculated down to unlimited depths. To keep rewards fair, a maximum of 40% of your total required qualification volume can come from any single direct team.

- Once you achieve a Title, you unlock the Royal Incentive! This bonus is distributed equally and paid out weekly over a consecutive twenty-week period.

- If you hit multiple rank milestones while an earlier incentive payout is still active, don't worry—your new rewards won't get lost. The system simply queues them up, automatically starting the Pending cycles after your latest incentive weeks are completed.

Unlock prestigious Cryptospace Titles by meeting the required benchmarks for both your Personal Stake and Team Business within the Staking Program.
